

## Wall Mounted Solar Battery

RZE-511200LI-TS

Safe & Reliable

6000+ cycles @%80 DOD  
and 5 years warranty.

Modular design  
without mounting bracket.

One key on/off,  
redundancy protection.

Live communication, and compatible with most leading LV inverters.

## RZE-51200LI-TS

|                                           |                                        |
|-------------------------------------------|----------------------------------------|
| Battery Module                            | RZE-51200LI-TS                         |
| Battery category                          | LiFePO4                                |
| Rated energy (kWh) (25 °C, 0.5C)          | 10.24                                  |
| Rated voltage (V)                         | 51.2                                   |
| Rated capacity (Ah)                       | 200                                    |
| Max. charging and discharging current (A) | 200                                    |
| Charging and discharging current (A)      | 100 (Recommended)                      |
| Dimension (W*D*H, mm)                     | 680*485*220                            |
| Weight (Kg)                               | 70                                     |
| Operating voltage (V)                     | 43.2V-58.4V                            |
| Working temperature                       | 0 °C ~ 45 °C , Recommend 15 °C ~ 30 °C |
| Communication                             | CAN/RS485/WIFI                         |
| Degree of protection                      | IP20                                   |
